Dear Friends

February is not that far off and we will be having our first annual "Missionary Revival" Bro. Tracy Gross and his lovely wife will be with us to do the preaching. We have some missionaries who are flying in from the deep south of Thailand to be with us that week so pray it will be a blessing to all the missionaries who come.

February 2nd I will be 67 years old, arthritis is already affecting my hands to the point it sometimes gets very painful to grip anything. Eight months ago Phyllis had surgery and still having a lot of pain through her stomach. We spent the day at the hospital last week and they could not find the cause I just ask that you pray for our health.

March 5th we will be back in America, School is out and many of our kids will get to go home and see parents or grandparents for the first time in a year. Two of our girls that have been with us from the beginning will be coming home with us. Star is 18 years old and Branee is 15 at least that is what her papers say, but we all believe she is at least 2-3 years older. They will only be with us for the 2 months they are out of school and must return for the next school year. We would love to get in some new churches, but if you are one of our supporting churches we will do our best to come by and let the girls share their testimony. Seldom does a missionary get to bring the fruits of his labor home to share with those who sent us. But now you have a chance so please let me know if you're interested in us coming by we will try hard to oblige.

May God Bless as we Serve Together

Bro. Jim & Phyllis Barlow
